

# EMFL User Meeting

## Tuesday, 11 June 2024

**Part IV: Evidence for spin-mediated superconductivity in n-doped cuprates - B1 (14:20 - 14:40)**

-Conveners: Caitlin Duffy

**Part IV: Unconventional Superconductivity in UTe<sub>2</sub> in extreme conditions - B1 (14:40 - 15:00)**

-Conveners: Georg Knebel

**Part IV: Studies of hydride superconductors in pulsed magnetic fields up to 80 T using special high-pressure DACs - B1 (15:00 - 15:20)**

-Conveners: Dmitrii Semenok

**Part IV: Superconductivity: enabling transformative technologies - B1 (15:20 - 15:40)**

-Conveners: Antony Carrington
